Elegant pale salmon pink.

Versatile rosé. Fragrances of vibrant Spring flowers, rose petals, a strawberry kiss, fresh red fruit. Peachy and silky texture, fascinating freshness, a seductive spark of flirtatious acidity. Like a ray of sunshine that dusts your cheeks, the most flattering blush.

Frontaura Rosé joy is evident to turn the aperitif into a very unique event. Perfect with fresh fruit, its natural harmony is the Mediterranean cuisine of fresh raw material, such as grilled fish, seafood, soft cheeses, rice...

Perfect pairing with a sunset in front of the sea, a shaded urban terrace on a fragrant Summer day, an idyllic picnic in the open and those whimsical gusts of pure happiness.

Twenty years ago we dared to venture and now we celebrate life enjoying the nexus generated with our land: we are responsible for our own history through which we have discovered people, places and the wine family.

And so, the family has grown: **Frontaura Rosé**, requesting its own place some time ago, and we have finally embraced it.
